

Graphis Poster Annual 2015 Competition

Category: [Graphic Design](#)

Deadline: February 19, 2014

Website: <https://bit.ly/3qt6Bt6>

Graphis publications feature the best in Design, Advertising, Photography and Illustration. Each of their Annuals represents the best internationally produced work in that discipline from the previous year.

Graphis, The International Journal of Visual Communication, was first published in 1944 by Walter Herdeg and Dr. Walter Amstutz in Zurich, Switzerland. Graphis presented the work of fine artists and illustrators, and gradually presented the formative years of graphic design as we know it today. Advertising and photography were also featured, and Walter selectively chose what he felt to be the best talent of the time. Walter was invited into the Alliance Graphique Internationale in 1952 and, that same year, introduced the Graphis Annual. In 1964, following a split from Dr. Walter Amstutz, Walter Herdeg officially became the sole publisher of Graphis. In 1966, he introduced the Graphis Photo Annual, followed in 1973 by the Graphis Poster Annual. During Walter's reign, Graphis became one of the classiest publications available, as a result of his impeccable care and good taste.

The **Poster Annual Competition** will result in a book presentation of the top Platinum & Gold award winning Posters from an extraordinary group of international designers. Each Poster is presented on a full page, and placed by category for easy comparative inspiration.
